Welcome to the Beautiful Swamp

Few places on Elemara are more misunderstood than Ssalith. To many visitors, it is simply a swamp of standing water, towering cypress trees, and endless wetlands. To the elves, however, it is the most beautiful place in the world. Every pool reflects the heavens, every ancient tree bears witness to generations remembered, and every quiet morning speaks of harmony between the People and the land they have called home since antiquity.

You will not find broad stone roads or towering monuments. Instead, homes rise gently from earthen mounds among reeds and moss, while submerged causeways guide those who know where to step.

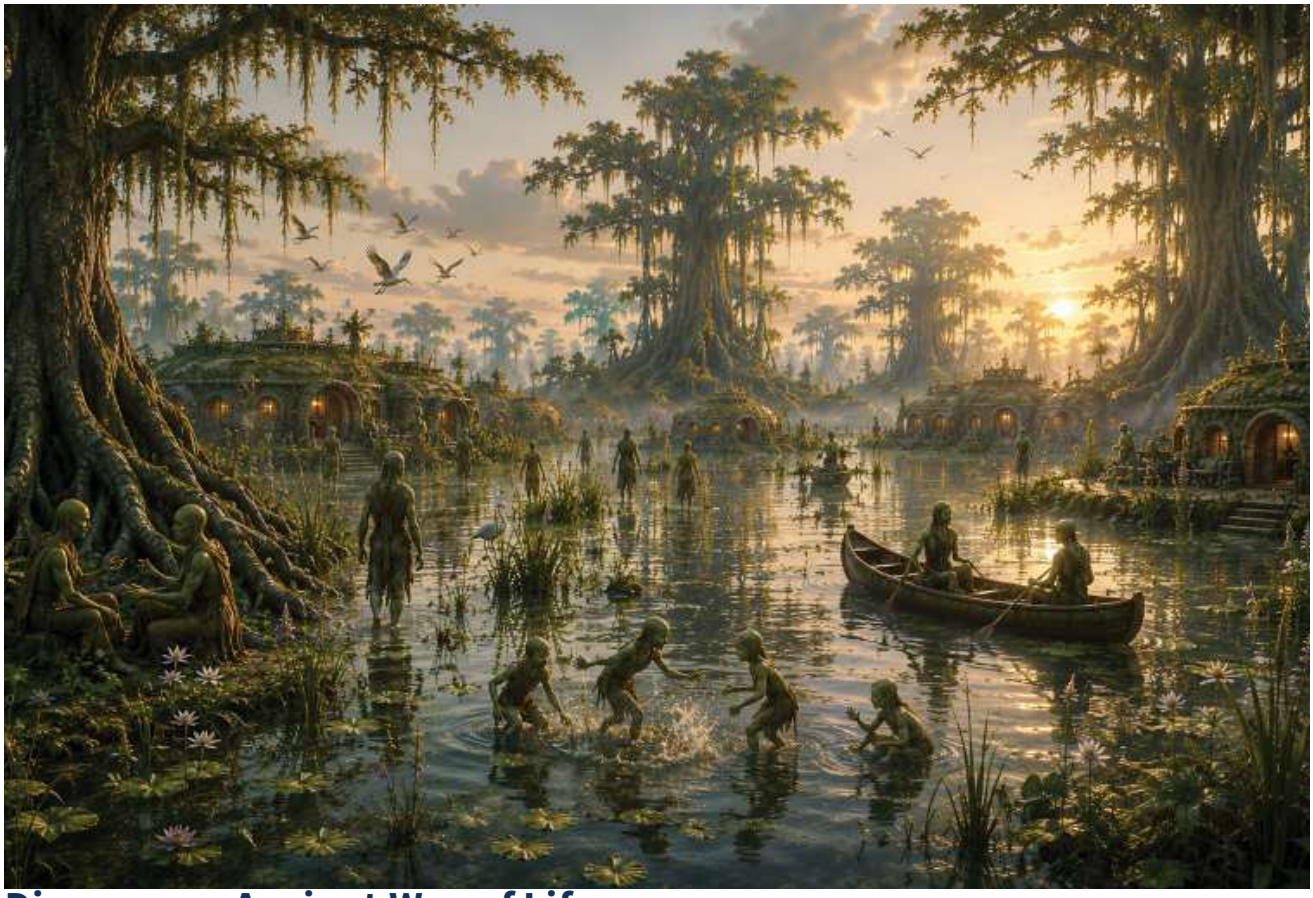

Ssalith rewards patience. Walk quietly. Observe carefully. In time, you may understand why the elves have always called this place the **Beautiful Swamp**.
